## SWAGATAM

We are delighted to announce the **7th National Conference of the Neuropathology Society of India, NPSICON 2025**, along with an enriching Molecular Pathology workshop. This prestigious event is scheduled to take place from the 20<sup>th</sup> to the 22<sup>nd</sup> of February 2025 and will be held at the esteemed All India Institute of Medical Sciences in New Delhi, recognized as the premier institution for patient care, training, education, and research in South Asia.

Our primary objective is to create an exceptional educational experience by fostering interaction and leveraging technology. To achieve this, we have invited distinguished and eminent faculty from around the globe who will contribute their expertise, making this conference a fountainhead of knowledge.

With an expected attendance of nearly 300 Neuropathologists, Neurosurgeons, Neuroradiologist and Neuro-oncologists from across the world, the conference will feature a comprehensive scientific program. It will include an engaging academic fiesta consisting of a molecular pathology workshop, enlightening lectures, and thought-provoking panel discussions.

On behalf of the Organizing Committee, we extend our warm invitation for you to participate in this grand event and help us make it a resounding success. We greatly value the longstanding and collaborative relationship we share with your esteemed organization, as we collectively strive to deliver the highest standards of patient care, education, training, and research. By showcasing your products to our dedicated audience of Neuropathologists in India and abroad, this conference provides an excellent platform for exposure and networking opportunities. Thus, we kindly request your generous support, both technically and financially. To ensure your preferred level of sponsorship, we encourage you to secure your commitment early, as sponsorships will be allocated on a first-come, first-served basis.

We firmly believe that your active participation will not only enhance the conference but also contribute significantly to its grand success.
