PANCREATIC AND HEPATOBIILIARY CYTOPATHOLOGY

“Morphology to Molecular” (KUHS Update series)

Dear colleagues and residents,

Greetings from the Department of Pathology,
Government Medical College, Kottayam

We are delighted to announce that our department is organising the second annual one day CME series on Cytopathology, C-Kon. This year, we are focusing on PANCREATIC AND HEPATOBIILIARY CYTOPATHOLOGY, various aspects being addressed by distinguished faculty of national repute.

We are extremely pleased to invite you to join us for this valuable learning opportunity. We eagerly await your valuable presence and look forward to making your participation a beneficial one, updating and enhancing your knowledge of pancreatic and hepatobiliary cytopathology.

Objectives of CME :-

- Simplifying diagnostic cytopathology of Pancreas and Hepatobiliary system for residents and practising pathologists.
- Emphasis on molecular cytopathology of Pancreas and Hepatobiliary system.
- Problem based case discussion.
- Platform for oral presentation of selected cases related to the topic.

Dr. Letha V.
Chairperson

Dr. Sheima R. Das
