NATIONAL WORKSHOP

HPB Pathology & Whole Slide Imaging (WSI)

Analysis & AI-based Utility for Diagnosis and Research

Department of Pathology & Department of Artificial Intelligence
Institute of Liver & Biliary Sciences (ILBS), New Delhi

ABOUT THE WORKSHOP

As pathology transitions to digital workflows, **Whole Slide Imaging (WSI)** and **Artificial Intelligence (AI)** have become essential in complex Hepatobiliary & **Pancreatic (HPB)** disease. This **3-day workshop** bridges traditional microscopy and AI-assisted pathology - giving pathology candidates practical, hands-on computational skills for modern clinical and academic practice.
