RML QUALITY ASSURANCE PROGRAM
B- 171, NIRALA NAGAR LUCKNOW-226020 U.P. INDIA
QUALITY ASSURANCE PROGRAM (QAP) Cycle 16 - 2027

Welcome to the RML QAP Program 2027

RML QAP Program is one of the oldest, largest, most cost effective, Accredited Clinical Laboratory QAP Program of India, running since past 16 years. Its goal is to provide top quality assurance program that would help in raising the quality standards of the participating labs in a most cost effective manner.

The QAP program is projected to develop awareness about Quality Assurance in various fields of clinical lab in India.

The team of RML QAP offers India's first NABL ISO/IEC 17043 accredited SARS CoV-2 QAP . For Extended Immunology Program, Routine IHC Module, Tumor Marker, Coagulation Program, Prostate IHC Module, Molecular Respiratory RNA Flu Panel, Flow Cytometry- (CD4 & CD 8), Extended Thyroid Programme, Maternal Screen (Anti-natal test) , we have successfully completed the pilot program and now awaiting for accreditation.

The new cycle of Quality Assurance Program [QAP] shall begin in January 2027. Registration is open for National and International Participants. We offer QAP in following disciplines:-

- Basic Biochemistry
- Extend Biochemistry
- Glycosylated Hemoglobin
- Protein Electrophoresis
- Extendend Thyroid
- Maternal Screen
- Basic Immunology
- Extended Immunology
- Tumor Marker Program
- Basic Serology
- Extended Serology
- Viral Marker Panel
- Fungal Serology
- Coeliac Serology
- Hematology
- Digital Hematology (DLC)
- Hemoglobin Electrophoresis
- Coagulation Program
- ABO-Rh Program
- Direct-Coombs
- Microbiology
- Mycology
- Urine Routine Analysis (Manual & Semi Automated)
- Urine Routine Analysis (Automated)
- Antinuclear Antibodies (ANA-IFA)
- Anti Mitochondrial Antibody
- Anti Smooth Muscle Antibody
- Anti Gastric Parietalcell Antibody
- Anti Endomysium Antibody
- ANA Profile (Line Blot)
- Histopathology (HISTO-01 & 02)
- Digital Histopathology
- IHC (Breast/Prostate/ Routine Module)
- Cytopathology
- MOL PCR (00-11)
- Flow Cytometry-(CD4 & CD8)

Introducing NEW QAP PROGRAMMES For year 2027*

SEROLOGY

- SERO-06 Myasthenia Gravis Antibody Program (EIA)
- SERO-07 Neutrophil Antibody Program (EIA)
- SERO-08 Immunoglobulin Program
- SERO-09 Free Light Chain Program (Serum)
- SERO-10 Rheumatoid Arthritis QAP Program

CLINICAL HEMATOLOGY

- HEMAT-07 Myeloma Program

FLOW CYTOMETRY

- FLOW-02 FCM Lymphocyte Subset Analysis Basic Profile
- FLOW-03 FCM Lymphocyte Subset Analysis Advanced Profile
- FLOW-04 FCM CD-34 Stem Cell Enumeration
- FLOW-05 FCM HLA
- FLOW-06 FCM Leukemia-Lymphoma

ANA-Line Blot Assay

- LIA-02 Inflammatory Myositis Profile (Line Blot)
- LIA-03 Autoimmune Liver Profile (Line Blot)
- LIA-04 Paraneoplastic Profile (Line Blot)
- LIA-05 Ganglioside Profile (Line Blot)

ANA-IFA

- IFA-06 Aquaporin and MOG Antibody
- IFA-07 Anti-Neutrophil Antibodies
- IFA-08 Myasthenia Gravis Program
- IFA-09 IFA Pattern Recognition Program (Digital)

HISTOCHEMISTRY (SPECIAL-STAINS)

- HISTO-02E Mucicarmine (MC) Stain
- HISTO-02F Alcian Blue pH-2.5
- HISTO-02G Perl's Prussian Blue Stain
- HISTO-02H Jones Stain

MOLECULAR MUTATION PCR PROGRAM

- MOL PCR-12 Myeloproliferative Neoplasm Mutation Panel (Qualitative)
- MOL PCR-18 Acute Leukemia Mutation Panel (PCR)
- MOL PCR-19 Coagulation/Thrombophilia Mutation Panel (PCR)

DIGITAL SUB-SPECIALITY HISTOPATHOLOGY PROGRAMS WITH ANCILLARY STUDIES (IHC)

- HISTO-04A Ophthalmic Pathology
- HISTO-04B Endocrine and Neuroendocrine Pathology
- HISTO-04C Hematolymphoid Pathology
- HISTO-04D Head and Neck Pathology
- HISTO-04E Neuropathology
- HISTO-04F Thoracic Pathology
- HISTO-04G Breast Pathology
- HISTO-04H Gynecological Pathology
- HISTO-04I Renal Pathology

HISTO-IHC

- MMR IHC Module
- PDL1 IHC Module (22C3 Dako)
- PDL1 IHC Module (SP263 Roche)
- Routine IHC Module II
- Routine IHC Module III
- Routine IHC Module IV
- Routine IHC Module V
- Routine IHC Module VI
- Routine IHC Module VII
- Routine IHC Module VIII
- Routine IHC Module IX

MOLECULAR MICRO PCR PROGRAM

- MOL PCR-13 Tropical Fever Panel
- MOL PCR-14 Neurotropic Viral Panel
- MOL PCR-15 Japanese Encephalitis Virus RNA
- MOL PCR-16 STD Panel
- MOL PCR-17 Molecular UTI Program (PCR)

In the year 2027, we are introducing few New QAP Programs in addition to the various fields of Clinical Labs. These new QAP programs are introduced keeping in view the challenges faced by the Clinical Laboratory.

Evaluation of the report is based on ISO 13528:2022 - statistical methods for use in proficiency testing by Inter-Laboratory Comparison.

PT Coordinator
Dr. Supriya Mehrotra
RML QUALITY ASSURANCE PROGRAM
LUCKNOW

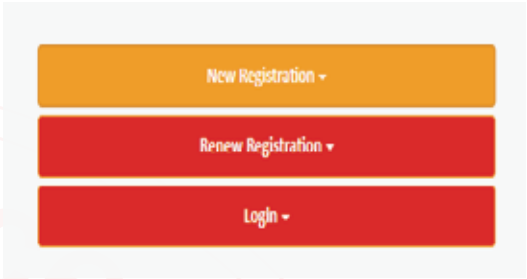

ENROLLMENT FORM

We kindly request you to ensure the completion of the enrollment process prior to the 31th of December 2026.

(A) For NEW PARTICIPANTS

Please follow the steps below for registration:

- Visit our registration portal at www.rmlqap.com.
- Click on "New Registration."

- Provide the mobile number and email ID of the primary contact person representing your organization.
- Click "Next" to proceed to the next step.
- Fill out the entire registration form with the required details.
- Select the plan that you wish to enroll in.
- Make the online payment click Pay Now.
- After payment save or print invoice.

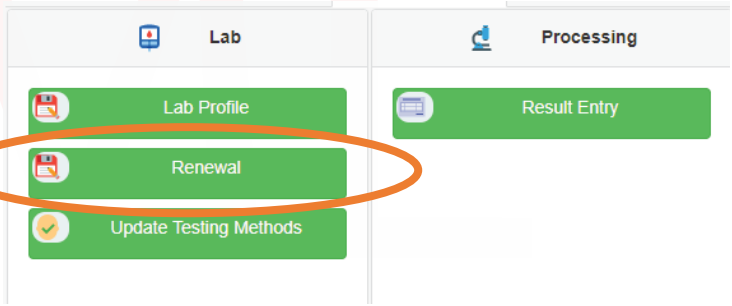

(B) For EXISTING PARTICIPANTS

Please follow the steps below for Renewal or adding new field:

- Visit our registration portal at www.rmlqap.com.
- Click on "Renew Registration."

- Provide the registered mobile number and registered email ID of the primary contact person which is previously registered.
- Click "Next" to proceed to the next step. Or Login with your login id and password Select Renewal

- Select the plan that you wish to enroll in.

(C) SUBMISSION AND PAYMENT

- Select the plan you wish to enroll in.
- Enter your PAN number and GST number (if GST is not available, select “No”).
- Click on Submit and Pay.
- You will be redirected to the bank payment gateway to select and complete your preferred payment method.

GENERAL INSTRUCTIONS

1. Each cycle will start from January and end in December.The participants are allowed to register anytime during the cycle by paying FULL REGISTRATION FEE which will be valid till end of that cycle.

2. The certificate of participation will be issued after the completion of the cycle at the end of the year.

3. The certificate WILL NOT BE issued in individual's name, but only on the name of organization/laboratory.

4. Please check the status of sample as soon as you receive and inform us within 5 days. After 5 days there will be no replacement of any broken slide or vial.

5. The participants are requested to update the results before the last date of submission.

6. The participants are requested to clearly mention LAB CODE in all your correspondence.

7. Please do not share or discuss the results with other participants untill you get the assessment report.

8. Dispatch of samples, result submission date and result dispatch date for each round for each field will be done as per the year calendar plan for 2027, which will be shared with you after enrollment and registration.

9. The delay of dispatch of samples/results due to unavoidable situation beyond our control will be informed by email provided by participants.

10. Sample dispatch tracking details will be shared to participants once cycle starts and you are adviced to follow that. Tracking of sample is the responsibility of participants, Lab is no longer responsible for that.

11. If any participant wants to withdraw from the program, then it should be informed in writing and the hard copy should be sent by post. Only email will not be considered as cancellation request. No refund will be given if any participant want to withdraw in mid of the cycle.

12. Please verify all details carefully before submitting the registration request.

13. Kindly read the instructions thoroughly prior to registration.

14. Once the registration is completed, requests for any changes in the QAP program will not be entertained.

15. Please fill out the questionnaire with accurate details of the instrument and methodology being used. Once submitted, the information cannot be modified during the ongoing cycle.

16. Kindly ensure that the questionnaire and enrollment form are duly filled and submitted. Incomplete submissions or registrations received without the required questionnaire shall not be processed.

The participants are also requested to send us a scanned copy of duly filled registration form with method questionaire on our registered email id (qap@rmlqap.com).

RML QAP ENROLLMENT DETAILS
Cycle-16 Year-2027

Please Fill, Sign and Stamp the form (Every detail is mandatory).

*Please Fill the Form in Capital Letters

REGISTRATION

New Registration: Yes ☐ No ☐

Renewal Registration: Yes ☐ No ☐ • If Yes-RML QAP Lab Code ☐

*If Participated earlier, discontinued and wants to rejoin, mention the old lab code ☐

Laboratory Details

Name of Laboratory :.....

GST No.:..... PAN No.:..... TAN No.:.....

Organization : (i) Government ☐ (ii) Private ☐

ISO 15189 : (i) Accredited ☐ (ii) Applied for ☐

(iii) Non-Accrediated ☐

NABL : (i) Accredited ☐ **(ii) Applied for** ☐

(iii) Non-Accreditated ☐

Size of Lab : (i) Small Lab (1-100 Patients per Day) ☐

(ii) Medium (100-400 Patients per Day) ☐

(iii) Large (more than 400 Patients per day) ☐

Address of Laboratory

Name of Director/ Owner :.....

Address :.....

New QAP Programs Year 2027*

SEROLOGY

*SERO-06	Myasthenia Gravis Antibody Program (EIA)	• Anti-ACh Receptor IgG • Anti-MuSK Antibody IgG	8250	2	☐
*SERO-07	Neutrophil Antibody Program (EIA)	• Anti-PR3 • Anti-MPO	5850	2	☐
*SERO-08	Immunoglobulin program	• IgG • IgA • IgM	4400	2	☐
*SERO-09	Free Light Chain Program (Serum)	• Free Light Chain Kappa • Free Light Chain Lambda	6250	2	☐
*SERO-10	Rheumatoid Arthritis QAP Program	• Rheumatoid Factor IgM/IgG • Anti- CCP Antibody	5950	2	☐

CLINICAL HEMATOLOGY

*HEMAT-07	Myeloma Program	• Protein Electrophoresis • Immunoglobulin Program • Free Light Chain Kappa & Free Light Chain Lambda • Beta-2 Microglobulin (Serum) • Immunofixation (Serum)	19400	2	☐

FCM PROGRAM

*FLOW-02	FCM Lymphocyte Subset Analysis Basic Profile	• CD-3 • CD-4 • CD-8 • CD-48	18000	2	☐
*FLOW-03	FCM Lymphocyte Subset Analysis Advanced Profile	• CD-3 • CD-4 • CD-16 • CD-19 • CD-8 • CD-45 • CD-56	19500	2	☐
*FLOW-04	FCM CD-34 Stem Cell Enumeration	• CD-34 Stem Cell Enumeration	14500	2	☐
*FLOW-05	FCM HLA	• HLA (B-27)	10550	2	☐
*FLOW-06	FCM Leukemia- Lymphoma	• Immunophenotyping Program Leukemia-Lymphoma	11100	2	☐

ANA-PROFILE

*LIA-02	Inflammatory Myositis Profile (Line Blot)	• Mi-2α, • Mi-2β • TIF 1γ • MDA5 • NXP2 • SAE1 • Ku • PM-Scl 100 • Jo-1 • PM-Sc175 • SRP • PL-7 • PL-12 • EJ • OJ • Ro-52	18700	2	☐
*LIA-03	Autoimmune Liver Profile (Line Blot)	• AMA-M2 • LKM-1 • LC-1 • SLA/LP	7700	2	☐
*LIA-04	Paraneoplastic Profile (Line Blot)	• Amphiphysin • CV2 • PNMA2 (MA2/Ta) • Ri • Yo • Hu • Recoverin • SOX1 • Titin • Zic4 • GAD65 • Tr (DNER)	15400	2	☐
*LIA- 05	Ganglioside Profile (Line Blot)	• Monosialoganglioside GM-1 • Monosialoganglioside GM-2 • Monosialoganglioside GM-3 • Disialoganglioside GD-1a • Disialoganglioside GD-1b • Trisialoganglioside GT-1b • Trisialoganglioside GQ-1b	6200	2	☐

ANA-IFA

*IFA 06	Aquaporin and MOG Antibody	• AQP4-Ab & MOG-Ab	29700	2	☐
*IFA 07	Anti-Neutrophil Antibodies	• Cytoplasmic Anti-Neutrophil Cytoplasmic Antibodies **(c-ANCA)** • Peri Nuclear Anti-Neutrophil Cytoplasmic Antibodies **(p-ANCA)**	11000	2	☐
*IFA 08	Myasthenia Gravis Program	• AChR-E IFA • AChR-G IFA • Anti-MuSK Antibody IFA	18400	2	☐
*IFA 09	IFA Pattern Recognition Program (Digital)	• IFA Patterns • HEP 2 & Tissue	4000	2	☐

MOLECULAR MICRO PCR PROGRAM

*MOL PCR-13	Tropical Fever Panel	• Dengue virus • Chikungunya virus • Zika virus • West Nile virus • Leptospira spp. • Salmonella enterica serovar • Plasmodium spp. • Rickettsia spp.	10350	2	☐

Charges Applicable for National Participants only. For International Participants Kindly Contact at qap@rmlqap.com
